IN ADDITION TO HEAVY RAINS and frequent electrical storms this weekend, hail stones the size of quarters covered the east bound lane of 460 east of Thomas Terrace on this past Saturday morning between 5:30 and 6:30, and caused scattered damage to property. Precipitation has been above normal for this spring, and the excess water has caused local flooding and prevented farm work from proceeding on schedule. (Photo by Jeff Spitzer)

In highway department...

County seeks 460 bypass

By FRANCES ABBITT

Appomattox County and Town officials attended the pre-allocation highway hearing held in Lynchburg last Tuesday and again requested the Virginia Department of Highways to include the proposed Appomattox Route 460 by pass in its six-year budget plan.

The proposed by pass will be 3.594 miles in length and will extend from 0.832 miles west of the west corporate limites of Appomattox to 0.900 miles east of the east corporate limits of the town.

In the March 9 meeting of the Appomattox County Board of Supervisors, it was agreed that public interest and public necessity would be served by the construction of the bypass because, without it, there is a dangerous intersection where motor vehicle accidents have occured and continue to occur in the vicinity of the intersection of Routes 131 and U.S. 460. The entrance and exits to the Appomattox County Elementary School, located on U.S. 460 in the Town of Appomattox are potential trouble spots that could endanger the lives of children being transported on school buses.

In addition, traffic congestion on U.S. 460 in Appomattox especially in the area of State Route 131, the entrance to the Armstrong Furniture Factory, the intersection of U.S. 24 and 460 and the intersection of Court Street and U.S. 460 is intolerable. Traffic into and out of Triangle Plaza Shopping Center causes undue congestion, especially in the rush periods in the morning and evening, creating a hazardous situation for anyone working or shopping in this area.

The Town of Appomattox is virtually the only municipality of any consequence fronting on both sides of U.S. Route 460 from the Tidewater area to beyond Roanoke where the Virginia Department of Highways has not already completed or constructed a bypass.

At Tuesday's meeting, the highway department made no decision on the request for the proposed bypass but a decision is expected in the coming months. The proposed bypass had been included in the six-year plan but when money was short the department of highways dropped it from the plan last year.

Appomattox Town Manager William R. Britton, Jr. presented figures at Tuesdays meeting based on state police reports that illustrate the need for the proposed bypass. Between Jan. 1, 1983 and October of 1983, 435 accidents occured on U.S. 460 and Virginia Route 24, 26, 131 and 727. Three people lost their lives and 132 were injured, and property damage from accidents amounted to $551,447.

In a survey of bus drivers with the Appomattox County School Division, it was estimated that the total number of entries by school buses into Route 460 daily within the town of Appomattox is 329.

It is not anticipated that the proposed bypass will hinder growth or business in the Town of Appomattox but will enable those who do not wish to go through the business district to travel around and leave the town resulting in less congestion for workers and shoppers. It is believed the completed highway will be an asset to the local area and state as a whole by providing a safer facility for travel by the public.

ALICE MARTIN, Chairma of Blood Services for Appomattox County rolls up her sleeve and donates a unit of blood. She invites you to visit the Bloodmobile on April 20 at Memorial United Methodist Church from 12 noon until 6 p.m. (Photo by Allen Austin)

Board okays cable TV rate hike

Basic service will be increased from $6.75 to $8.50; a new service will offer five additional channels costing $2 each month.

The new rate will go into effect June 1, 1984. Senior citizens 62 or older will not be charged for connection to the cable system.

The Appomattox General District Court needs more room since the passing of a new law requiring the courts to keep records on file for 10 years and Hal Craddock, architect, presented plans for a two story addition.

Dennis Gragg and Appomattox Mayor Ronald Spiggle, representing the Ameriena Legion Post 104, presented plans for renovation of the post hall in order to better serve the community.

It was noted that the building is small and is not accessible to the handicapped. Estimated cost of renovations to the main meeting hall, kitchen and bathroom is $50,000 to $60,000. Spiggle noted that the post plans to borrow the money and repay through revenue received through bingo.

On absentee problem

Schools to crack down

Appomattox County School Board Division Superintendent Lloyd Walton [illegible] policy [illegible] Monday's [illegible] meeting. If approved, the policy will become effective at the beginning of the 1984-85 school session, and will result in student failure in a class during the semester if more than 12 days are missed.

In the new policy, the terms "excused" and "unexcused" absence will no longer be used. Notes or excuses will NOT be required before or after a full day's absence.

After six absences from any class [illegible] the first semester, the [illegible] office a form letter, [illegible] Absences. A copy of the letter will be mailed to parents and a copy will be filed in the guidance office and teacher's classroom. After the ninth absence, parents will be personally contacted. After the teacher has reported the 12th absence, a certified letter with restricted delivery will be sent to the parents indicating a failing grade for the semester and requesting a conference with the administration. [illegible] will be considered at this [illegible] will be followed.

After receiving 12 absences per semester in any one class, the student will not receive credit for the course. He or she will remain in the class and receive a grade of "F". The loss of credit is serious and can ultimately have an effect on graduation.

The board authorized the superintendent to circulate the proposed policy to school board employees to receive comments and recommendations. Information received will be taken into consideration in revising the policy for presentation at the May meeting of the board.

At the March 15 meeting of the Central Planning Council, discussion centered around advanced placement and/or college credit courses, computers, alternative education and remedial education.

Appomattox County High School Principal Donald Armentrout and council recommended that a one college English class for 20 to 25 students be offered at Appomattox County High School during the 1984-85 session in lieu of the twelfth grade English. The course would be offered in cooperation with Central Virginia Community College and each student who participates will be required to pay a fee of $154.00.

Bloodmobile to visit

Serving and giving....that's an accurate description of Alice C. Martin. She has been serving as Chairman of the Appomattox County Blood Services Program since 1978. Not only does she see to the organization of the regularly scheduled Bloodmobile visits but she takes the time to donate a unit of blood.

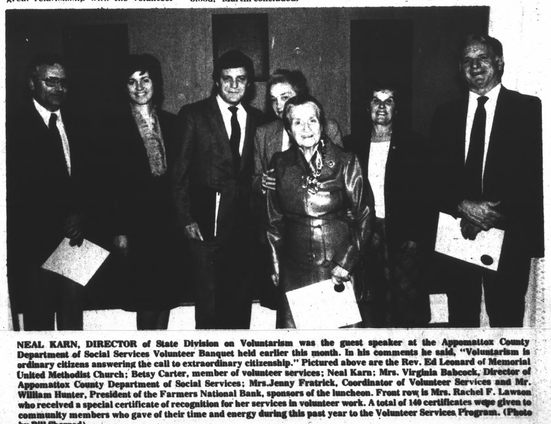
"It's one way of doing something for someone else, maybe someone I've never seen or never will see," said Martin.

"Until taking over this responsibility, it seems I never had the time to really do anything for other people. I get a great deal of satisfaction out of serving in this capacity and I have met so many wonderful people. I have a great relationship with the volunteer workers who do such a wonderful job and with the donors too," she added.

The goal for the April 20th visit at the Memorial United Methodist Church from 12 noon until 6 p.m. is 100 units.

"We would love to go over our goal, because blood is in short supply," commented Martin.

"It is so gratifying to have someone call and tell us that because needed blood was available a loved one was saved. Tracey Goin's mother called me when her son was a victim of a hunting accident. She expressed her appreciation for the blood being there when it was needed. It made me feel good knowing we had helped. You'll feel good when you donate that unit of blood," Martin concluded.



NEAL KARN, DIRECTOR of State Division on Voluntarism was the guest speaker at the Appomattox County Department of Social Services Volunteer Banquet held earlier this month. In his comments he said, "Voluntarism is ordinary citizens answering the call to extraordinary citizenship." Pictured above are the Rev. Ed Leonard of Memorial United Methodist Church; Betsy Carter, member of volunteer services; Neal Karn; Mrs. Virginia Babcock, Director of Appomattox County Department of Social Services; Mrs. Jenny Fratrick, Coordinator of Volunteer Services and Mr. William Hunter, President of the Farmers National Bank, sponsors of the luncheon. Front row is Mrs. Rachel P. Lawson who received a special certificate of recognition for her services in volunteer work. A total of 140 certificates were given to community members who gave of their time and energy during this past year to the Volunteer Services Program. (Photo by Bill Sherrod)

Father Darkleaf

By CALVIN ROBINSON

Greetings, and wishing you a Happy Easter. Friday the 13th is behind us, but another Friday the thirteenth comes up in July. Palm Sunday saw large church attendance. I checked it out, and for Easter Sunday there will be "chairs down the aisles." Fashion parade? I expect it to be conservative this year. I recall being in New York one Easter and a lady on Fifth Avenue had on a bird cage hat with a live canary in it. There will be flowers galore. I have been bragging about the daffodils, etc. in my modest garden. Well, Sunday I brought in my first tulip, a yellow Emperor. Drove around the area, and flowers everywhere. Especially attractive are the flowers at the home of Mr. and Mrs. A.R. Harwood, Jr. And also those at Mrs. Elaine Spencer's. Top attraction: crabapple trees in bloom. Appomattox area looks nice.

•••

Mr. and Mrs. Ronald Paulette came by to bring me a copy of the Memphis, Tenn., Commercial Appeal, also a picture of Graceland Mansion, the Elvis Presley mansion. And the program and souvenirs from the 40th wedding anniversary of Mr. and Mrs. Arnold O. Guy, Sr. Mrs. Guy is the former Faith Lewis of Appomattox, daughter of the late Rev. and Mrs. G.W. Lewis. Congratulations.

•••

Remodeling has brought a new look at the local Post Office. But the same good service.

•••

Plants for sale at many places around town, but we need some drying out from recent rains before we can really get started.

Thanks to Mrs. Holly Cawthorne for coming by to show us a handsome wall plaque recently presented to Miss Faye Wood. The plaque was presented April 7 by Ferrum College, in recognition of her "service to Education and is a 'Distinguished Alumnae Award'." Formerly Dean of Women at the college, she is now teaching Religion and has a Master's Degree. Currently she is at Vanderbilt University and working for her Doctorate in Christian Education. Also taking some graduate study at Searrett College. Surely hers is a distinguished career and Appomattox is proud. Take a bow, Faye.

•••

Came upon a 1963 issue of The Times-Virginian and in the Darkleaf column of said issue I suggested that the athletic field at Appomattox High School be known as Bragg Stadium, in honor of long time coach Gordon Bragg. I find old newspapers interesting. Remember Libby Downing Sneed's Pharmacy? Club Appo? James River Fox Hunters Association? West End Market?

•••

Interesting Bible passage...Psalm 56, verse 8. "Put thou my tears into thy bottle." Found a discussion of its meaning in an old Hobbies magazine. In very ancient times mourners at funerals were given sponges to mop their tears. Later squeezed the sponges and the tears went into a bottle to be saved and believed by some to have curative value. My point is that one always finds Bible reading worthwhile.

•••

Drive carefully. Virginia highway deaths are running ahead of last year. Thanks for reading and see ya around.
